

# 2018 BSIM Proxy Bib Pickup Form

We understand that sometimes travel, work or personal schedules just don't allow some runners to attend the expo to pick up their bib in person. However, we have a continual problem with runners reselling their bibs or giving them to others to use. This is not allowed and will result in immediate disqualification for this year and any future Big Sur events. This is a tremendous safety issue as the information in our database won't match the person wearing the bib and it creates numerous timing, results, and awards problems. **To use this form, you must attest that you will not sell, give away, or let anyone else run the race with your bib.**

*Please Print Neatly*
