RACE START

The **11-Miler starts at 7 AM** in several waves from Grimes Ranch on Highway 1 in Big Sur just south of Palo Colorado Road. Listen carefully for race announcements to begin loading into the start area. The event is chip-timed so there is no advantage to being near the front. Relax and enjoy the start. There is plenty of course ahead!

There will be porta potties as well as water, coffee and tea. If you prefer something specific on race day, please bring your own supplies. Wear warm clothing as the average temperatures are in the 40's and you will be in the area for one to two hours before the start. Discarded clothes will be donated.

GEAR CHECK: If you want to check clothes for transport to the finish, use **ONLY** the clear gear check bag provided at bib pick-up and attach the adhesive bag tag located at the top of your race bib. Do not enclose valuables, keys, credit cards, etc. and do not check any fluids or other heavy or sharp items. Please tie your bag tightly. Drop your bag at the Gear Check truck before leaving the start venue. We are not responsible for lost or stolen property.

IMPORTANT NOTE: Gear bags often arrive at the finish after many 11-Milers complete their race due to course and finish-area congestion. If you have friends or family meeting you at the finish, we strongly suggest having them bring your post-race clothes and that you wear extra clothes you wish to donate to the start.

COURSE INFORMATION

COURSE DETAILS

- **The 11-Miler begins just after the 15-mile mark of the Marathon course.**
- You will be starting at **7:00 AM**
- The only mile markers you will see are for the full 26.2-mile Marathon. To know how far you are in your race, subtract 15 miles from the signs you see (e.g., Marathon mile 20 is about mile 5 for 11-Milers, etc.).
- Be sure your race number is visible on the **FRONT** of your shirt or shorts for race officials and photographers.
- **Please help us keep this beautiful area clean.** Please toss all trash, cups, gel packs, food, etc., within an aid station footprint to help ease clean up and get roads reopened promptly. And please don't go to the bathroom behind bushes, trees, or fences. There are portos on the route and there is A LOT of poison oak along some sections on course!
- The road is closed to private vehicles, bicycles, walkers, or non-registered runners. The only place for friends and family to watch you run is at the finish line. **No spectators are allowed on the course.**
- Only official race entrants wearing an official bib assigned to them are allowed on the course. No dogs or other animals, unofficial pacers, skates, skateboards, bikes, scooters, wheelchairs, hand cranks, baby joggers, or carrying of children or infants. IMPORTANT EVENT NOTES

SPECTATOR TIPS

- Due to the closure of Hwy 1 to private vehicles, bikes, runners and walkers, **the only place to watch participants in any of our races is at Marathon Village.**
- Marathon Village is a relatively small area so anticipate heavy vehicle and pedestrian traffic and lengthy delays accessing the area.
- Free parking is available in the surrounding shopping centers, but you may have to park a half mile or more away from Marathon Village.
- Find friends and family at the runner reunion area near the exit of the runner food tent.
- Please, no dogs, drones, or bicycles in Marathon Village.

CELL SERVICE

The Big Sur International Marathon collection of races are in an area with **little to no cell coverage.** There is no cell service at the marathon start line or along the course and there is limited cell coverage at the finish line (and 12K/5K start and finish lines). This will affect texting and calling, runner tracking, and results. Please have plans in place with friends and family before race day.
